

OCT. 7 STUDENT ACTION PLAN

CUFI High School exists to educate and activate. This October 7th, we want students to do both. Learn the stories of students affected by October 7th, 2023, then help someone else hear those stories too so they can stand with Israel and the Jewish people and remind them they are never alone. See the descriptions below and on the following page to choose how you will show your support on October 7th, 2026.

You and your school can participate in one or more of the following ways:

REMEMBER

1. Watch videos and learn the facts about October 7th, 2023

- Take time to hear their stories. Schedule a speaker for your chapel or school assembly.
- Host an event and show CUFI provided video content to help students understand and remember.
- Hear from your peers as they share reflections from recent trips to Israel and Poland.
- Watch videos from Israeli students and learn how October 7th has personally affected their lives.

CONNECT

2. Love is not what you say, it's what you do. Remembrance becomes personal when we connect with others.

- Write a letter to an Israeli student letting them know you remember, you stand with them, and that they are not alone.
- Participate in a Zoom call with Israeli schools and students.
- Pray with your class for students and families affected by October 7th.

Description: One of the most meaningful ways to show support is to let a grieving student or family know they are not alone. Write a short, kind letter to a new friend in Israel, then invite your friends to write one too.

- Create your own video content for social media and let others see how you care about Israel and the Jewish people.
- Share graphics and facts sheets online and with your classmates.
- Invite your classmates and friends to participate in your October 7th remembrance activities.
- Have your school purchase CUFI HS October 7th Remembrance T-shirts and encourage students and staff to wear them during the week of October 7.
